March 26, 2010

FY 2011 Justice Assistance Grant Recovery Act: Evidence-Based Residential Service, Discharge and Re-entry Service Demonstration Projects: The District of Columbia Justice Grants Administration announces funds to support demonstration projects that pilot evidence-based strategies and services for reducing recidivism rates and achieving pro-social outcomes for youth and adult offenders returning to the District of Columbia after a period of incarceration. Demonstration projects can focus on residential services, discharge planning, service coordination, supervision, and/or re-entry services, with a preference for projects that focus on high-risk offenders and that link multiple phases of an offender's re-entry. Applicants are strongly encouraged to submit proposals collaboratively that include at least two of the following partners: a residential facility/custody entity; service provider(s); supervision entity if appropriate; and a technical assistance provider that can offer training and support around the implementation of evidence based practices and/or assist with required evaluation activities.

Eligibility: Community-based organizations, District and federal agencies that have the demonstrated abilities to meet the funding priorities, outputs, outcomes, and required activities identified in the Request for Applications (RFA), and who are able to commit to complying with all JGA financial, administrative, and programmatic regulations and expectations.
